Dear Neighbour,

We would like to provide you with an update on the Gorwydd Road development.

As the project has now reached the construction phase, a new team has taken over from Paul Bowden and Kevin Lake. Neil will be the new Operations Manager for the project and Steve Lomas, the new Project Manager. Neil and Steve have worked on many Morganstone projects previously and we're looking forward to seeing the site continue to develop with them.

As always, if you have any questions or concerns regarding the project please do not hesitate to get in touch with me, Neil or Steve.

The site continues to progress well; timber frames have now been erected for plots 1-4 along with the roofs.

Over the next few weeks the team will be progressing with the first apartment block and our groundworks contractor will be progressing with the formation and tarring of the new road for phase 1.

We sincerely apologise for recent disruptions caused by parking on Gorwydd Road, since these occurrences we have now created a second larger car park on site to accommodate more vehicles.

We would like to take this opportunity to thank you for your ongoing support during the construction period and we look forward to continuing to update you on progress as the development continues.

Kind Regards,

Hannah Breen
CSR Manager
